

UEZ CombiMix Universal Compulsory Mixer

Unbelievably versatile: the Combi Mix from UEZ. Thanks to its vertical adjustment, the UEZ Universal Compulsory mixers features a space-saving transport size of only 75 cm high. The 3-arm mix technology ensures intensive and uniform mixing.

The UEZ Universal compulsory mixer Combi Mix provides you with exactly the perfect consistent high-quality mixture, as recommended by the material manufacturer. Special mixing tools have been designed for different materials.

The drum is filled effortlessly and safely through the safety grill. The open-ended mixing drum means that the mixing process can be easily monitored. Additional material can also easily be added during the mixing process. The straightforward discharge is done via a paddle on the drum floor and can be dosed. The Combi Mix is stable, of compact design and unbelievably versatile: just perfect for tough construction site applications.

- Transportable in passenger car
- Steady steel construction made for rough building site conditions
- Constant high mixing quality due to 3-arm mixing technology and turbo cyclone (4-arm mix technology optional)
- Easy filling due adjustable height
- Sturdy and proven discharger system
- Dossible discharging
- Ideal use with feed pump
- Mobile with two solid rubber wheels and removable drawbar
- Ideale transport height of 75 cm

Technical data UEZ CombiMix

Technical data	UEZ CombiMix
Content mixing drum	140 l
Ready-made mixture / Grain size	Approx. 80 litres, depending on consistency Up to 16 mm (version with segmental discharge slide)
Mixer	Universal UEZ 4-arm mix technology with Turbo cyclone (4-arm mix technology optional) 48 rpm
Motor	AC 230 V 2.0 kW Three phase 400 V 2.2 kW 16 A
Electricals	230 V with motor protection switch 400 V motor protection switch and phase changing 16 A
Versions	Mobile with solid rubber wheels Height adjustable Wide version
Safety	Automatic shutdown when safety grid opened Discharge protection CE certified
Dimensions	L 800 mm W 700 mm H 1,050 mm
Weight	108 kg
