

Professional quality
for more than 65 years.

LZ 35/50 Laboratory Compulsory Mixer Even for Smallest Tasks.

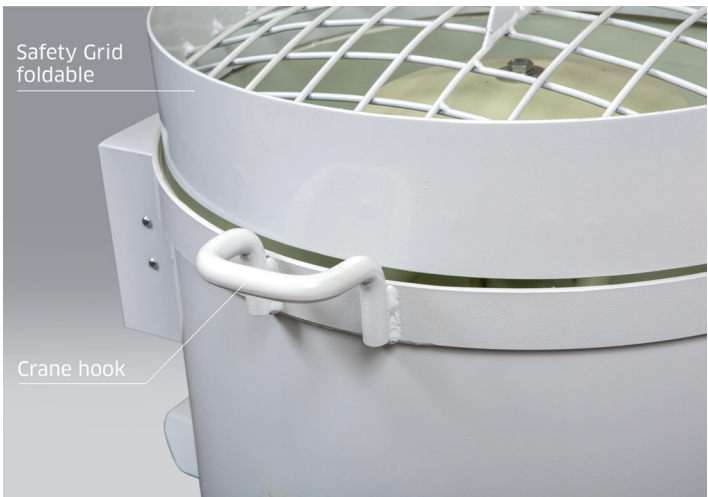

UEZ LZ 35 / 50 Laboratory Compulsory Mixer

The UEZ lab compulsory mixers, featuring the well-proven UEZ 4-arm mixing technique, rapidly mix quality cement intensively and uniformly with a consistently high mixing quality. The drum is filled effortlessly and safely through the safety grid (automatic shutdown). Additional material can easily be added if required thanks to the open-ended drum. The discharging process can be dosed effortlessly, quickly and cleanly using the segmental discharge slide – even with small volumes. The lab mixer is easy to move around thanks to its solid rubber wheels.

Easy handling, compact and stable design, vertical adjustment, high mixing quality: an UEZ mixer does what it says it will do.

UEZ mixers are maintenance-free, CE compliant and assembled in accordance with EU machine directives. Specially-selected, tried and tested motor components and the stable design also ensure high durability.

- Small compulsory mixer with high performance
- 4-arm mixi technology
- 16 mm grain size
- Intensive mixing quality
- Bottom discharging
- Adjustable height
- Maintenance-free
- All-purpose mixer
- Compact and steady construction
- CE certified

Technical data UEZ LZ 35 / 50

Technical data	UEZ LZ 35 / 50
Content mixing drum	90 l
Ready-made mixture (Fireproof compounds depending on spec. weight)	Depending on consistency/material approx. 60 litres Up to max. 16 mm grain size
Discharging	Floor discharge with segmental discharge slide
Mixer	Universal UEZ 4-arm mixing technology with wall scrapers mixer with wall scrapers for 16 mm grain size 48 rpm
Motor	230 V 2.0 kW AC 400 V 2.2 kW 3-phase
Electricals	Maintenance-free motor Motor protection switch with phase changing switch 16 A
Available versions	Mobile Height adjustable
Safety	Automatic shutdown when safety grid opened Discharge protection CE certified
Dimensions	L 750 mm W 600 mm H 1,300 mm
Weight	80 kg

Subject to technical changes.
