

UEZ ZM 100 / ZM 200 / ZM 300 Professional Compulsory Mixers

The professional compulsory mixers UEZ ZM 100, ZM 200, and ZM 300 provide perfect mixing results, sturdy design, and high-quality materials - the ideal partners for the rough life under daily building conditions. These three compulsory mixers vary in different sizes of mixing containers and offer capacities from 100 to 250 litres.

The UEZ 4-arm-mixing-technology guarantees an intensive mixing within shortest time. The mixer's arms are supported by springs, the shovels made from high-quality material. Due to their compact and sturdy design the compulsory mixers of the series UEZ ZM 100, ZM 200, and ZM 300 are the perfect partners for professionals searching for sturdy and easy-to-use machinery. All compulsory mixer models of these series come with vertical adjustment to change the discharging height. Due to their hand draw bar and their two wheels they can easily be moved in any position.

- Professional Compulsory Mixers with 4-arm mixing technology
- Mixing scoops with spring supports
- Low charging height
- Compact and steady construction
- Removable drawbar
- High-performance motor
- Long service life
- Motor protection switch with rotational direction selection
- Exposed mixing drum
- Segmental discharge slide
- Safety grid
- Road version (on request)
- Diesel drive (on request)
- CE certified

Technical data UEZ ZM 100 / ZM 200 / ZM 300

Technical data	UEZ ZM 100	UEZ ZM 200	UEZ ZM 300
Content mixing drum	200 l	280 l	340 l
Ready-made mixture (Fireproof compounds depending on spec. weight)	100 – 125 l	180 l	240 l
Available versions	Hand drawbar Static Road version (on request) Diesel drive (on request)	Hand drawbar Static (optional) Road version (on request) Diesel drive (on request)	Hand drawbar Static Road version (on request) Diesel drive (on request)
Discharge height	530 – 680 mm	530 – 680 mm	530 – 680 mm
Mixer	4-arm mixing technique with wall wiper 3-arm mixing technique with turbo whirler and wall scraper 48 rpm		
Motor	4.0 kW / 400 V 16 A	5.5 kW / 400 V 16 A	7.5 kW / 400 V 32 A
Electricals	Motor protection switch with rotational direction selection 16 A / 32 A connector	Motor protection switch with phase inverter 16 A / 32 A connector	Motor protection switch with rotational direction selection 16 A / 32 A connector
Accessories	Drum dust cover, Discharge chute, drive-over aid, plastic scoop, Water dosing		
Safety	Automatic shutdown when safety grid opened Discharge protection CE certified		
Dimensions	L 1,200 mm W 1,200 mm H 1,500 mm	L 1,200 mm W 1,200 mm H 1,500 mm	L 1,300 mm W 1,200 mm H 1,500 mm
Weight	220 kg	380 kg	460 kg
